

ESSENTIAL CARE

ESSENTIAL NEEDS

When faced with the challenges of securing care for yourself or a family member, where do you begin? Every situation and home dynamic is different. Whether you're in need of a companion, more specialized medical care for a progressive disease or something in-between, **Essential Care** can fulfill a continuum of needs. Let us customize a plan that makes sense and is right for you.

ESSENTIAL DIFFERENCE

Whether you're seasoned at sourcing nursing and home care services or this is the first time you've needed assistance, you'll find we're different. Professional experience and a passion for our work are at the heart of what differentiates us from the rest. For nearly 20 years we've been leading the way in providing at-home care and nursing to those who need it. Whether your need is simply for a companion, or it's for a specific catastrophic injury or illness, we can help.

Essential Care was founded by Tom Frazier for his son (JD), after an injury that left JD paralyzed. Native to Georgia and the Atlanta area, the Frazier family has operated **Essential Care** nursing services with the sole purpose of providing high quality care in the home. If you're looking for a company that has your best interest at heart, we'd like to say, "Welcome. We're glad you've found us."

ESSENTIAL SUPPORT

We understand when it comes to patient care, supporting you and your family is of utmost importance. That's why at **Essential Care**, each client is assigned his/her own clinical support nurse (CSN) that manages the patient's care from inception through the duration of services. Your assigned CSN will work closely with you to define functional goals and to develop a care-at-home plan that addresses your individual needs. In addition, with a 24-hour on-call policy, our clients are assured of immediate response to urgent nursing or staffing issues. Your peace of mind is that important.

ESSENTIAL RESOURCES

Finding community resources/options available in the Atlanta area can be overwhelming. Resources are available, but the challenge is finding them!

Essential Care can help you eliminate most of the legwork, frustration and feelings of helplessness. Whether it's finding senior day care options, untraditional funding sources, advice and counseling for dementia, providers of durable medical equipment or elder care professionals, we'll assist in finding the resources that can help.

ESSENTIAL CARE

Whatever your care needs, you can count on **Essential Care** to bring them home! We're in the business of helping people and we'd love to assist you and your family. For a complimentary home care assessment, contact us at 770-419-9151.

Our History

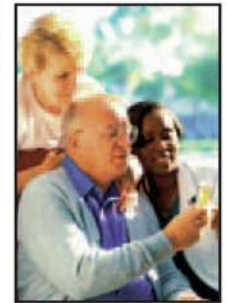

Para/Quad Services was established by Thomas Frazier in 1988 after his son (J.D.) was injured in an accident at age 24. The accident left J.D. paralyzed and faced with transitioning from life as a young athletic man to one as a quadriplegic. For details regarding JD's story, please visit our website at www.paraquad.net.

"We all face choices to live either a mediocre life or a fulfilling one when faced with challenges. For those who face seemingly overwhelming hurdles, we are here to assist in the facilitation of a better life." **JD Frazier**
